RE: second informational meeting to discuss wastewater and sewer solutions in the Gateway East Community

As you may recall, an informational meeting was scheduled on August 22, 2018 at the Columbia City Christian Church. Due to an issue gaining access to the church, the meeting was held informally in the parking lot. We would like to reschedule this meeting in order to provide additional information and answer questions that were not answered in the more informal format.

As with the first, the purpose of the meeting is to introduce the Whitley County Regional Water and Sewer District and sanitary sewer options for the area. **A second meeting has been scheduled on Thursday September 27, 2018 at 6:00 PM at the Columbia City Christian Church 270 Frontage Road, Columbia City, IN 46725.**

Scott Wagner, Whitley County Environmental Health Specialist, will be in attendance to discuss the current conditions of the Gateway East neighborhood and answer property owner questions.

Please plan to attend this meeting as community understanding and involvement is important in this process. If you have any questions regarding this matter feel free to e-mail me directly at lane@bcs-management.com or the Whitley RSD general e-mail account at SewerDistrict@whitleygov.com. We look forward to meeting with you again.

Sincerely,

A handwritten signature in black ink that reads "Lana Bereszazi".
