March 26, 2018

COMMUNITY INFORMATIONAL MEETING: Discussion and presentation of potable water service and fire protection options for the residents of Donatello's Village and Via Del Sogno Street.

The Whitley County Regional Sewer District (Whitley RSD) hosted a community meeting at the Dunfee Missionary Church Thursday, March 22nd, 2018 to discuss the possibility of extending optional potable water and fire protection service into your area. We did not find your name on the sign-in sheet from the meeting.

Please find, included in this mailing an updated copy of the packet that was handed out at the meeting. This packet summarizes the initial cost estimate for the proposed water and fire protection project. We have developed multiple scenarios and options for the review and consideration of the community. The information packet also includes a survey sheet to gauge your interest in the project based on the costs presented.

Please note that potable water projects are entirely voluntary and require the participation of a majority of homeowners to be feasible. As you consider your interest level in this project, please also consider that your sanitary sewer bill will likely go down if you connect to the water main and transition from flat rate to metered usage.

Due to the complex nature of this proposed project, we will host another community meeting with the residents of Donatello's Village and all of you for further discussion and Q&A. If you have any questions regarding this information or the Whitley RSD, please feel free to contact the Whitley RSD at by email at sewerdistrict@whitleygov.com or contact me directly at ana@bcs-management.com. We look forward to meeting with you.

Sincerely,

A handwritten signature in black ink that reads "Lana Bereszazi".
